

Salvation Army Will Give Drama

The Salvation army lassies of this city will present a drama at the Pavilion theater on the evening of Wednesday, January 27. They will be assisted by a number of young people from the different churches. The proceeds derived will be used by the army in carrying on their good work of helping the poor of this city. The drama is entitled "Life's Long Dream," and the following is the program: 1—Starting Life's Dream. 2—Childhood. 3—School Days. 4—The Silly Age. 5—Twenty Years Ago. 6—Looking Backward. 7—Bygone Memories. 8—Ships that Pass in the Night. 9—Home. 10—Mother. 11—Eventide. 12—Sunset. 13—Life's Dream Is Over. 14—Heaven.

FOREST SERVICE REPORT IS FULL OF INTEREST

WASHINGTON, Jan. 19.—Listing receipts and expenditures and explaining them in plain English much as a railroad president reports to his board of directors, Gifford Pinchot, forester, has just made a retrospect of the work of the United States forest service for the fiscal year 1908.

For the administration and protection of 182 national forests in seventeen states and territories and Alaska, the government spent \$2,526,098.02, or about one and one-half cents at acre. Permanent improvements, including the construction of 3400 miles of trails, 100 miles of wagon roads, 3299 miles of telephone lines, 350 cabins and barns, 600 miles of pasture and drift fences, 250 bridges, and forty miles of fire lines cost \$592,169.19. Telephone wire to build approximately 400 miles of additional lines was shipped to the forester, but with the funds available before the close of the year the work of construction could not be completed. Some of this work was done on each of the forests in the United States.

Although many needed improvements could not be undertaken, the benefits of what has been accomplished are seen in the more convenient and economical manner in which the forest officers are enabled to carry on their work and in the opening up of forest users of territory hitherto inaccessible. The remaining \$297,840.40 of the total of \$3,416,107.61, disbursed on account of work of the forest service was used in forest investigation costing \$235,855.14, and in diffusion of forest information and federal co-operation.

The forest service is one of the branches of the government where everything is not outgo. Last year the receipts from sales of timber, grazing fees, and permits for special uses of forest resources amounted to \$1,842,281.87, an increase of \$271,222.43 over the 1907 figures. The per acre receipts from the national forests were a little more than one cent, less than five mills under the per acre cost of administration and protection of the forests.

The amounts paid the states and territories, to be expended for roads and public schools from the year's receipts, amounted to \$447,063.79. Chiefly because of increasing the revenue to the states from 10 per cent in 1907 to 25 per cent last year, there was a total increase of \$294,031.62 in the amounts payable to the states.

In addition, the national forests yielded heavily to the public in free use. There were 30,714 permits granted for the free use of timber by settlers, schools and churches, during the year, against 17,399 in 1907. The number of board feet used in this way by the public amounted to 131,582,000, valued at \$168,720, compared to 63,000,000 feet, valued at \$75,000 in 1907.

The manager of the Tonopah Basketball club yesterday received word from Goldfield that the game between the local club and the Blue Diamonds of the southern city, which takes place Saturday night at the Nevada theater, should be far better than the last game played here. The Blue Diamonds have strengthened their team and are practicing daily. The Tonopah Basketball club is also doing a little practicing, and they will leave nothing undone as they desire to keep the championship in this city.

A team from the Ladies' Auditorium club of Goldfield will play the girls of the Tonopah club. This game should also be interesting as the Tonopah girls are playing fast ball and have a number of coaches who are rapidly perfecting the weak spots. The admittance to both games has been placed at 50 cents.

The inclement weather last evening failed to keep the residents of this city within doors and a fair house greeted Edmund Carroll at the Pavilion theater in the great comedy success, "We Are King." Mr. Carroll is a splendid actor and had numerous opportunities to display his talent. He had a dual role to perform and played both to perfection. For a time it was impossible to determine just who was king, but finally everything was righted and of course the king marries the princess. There was comedy-galore in the production and it was one continual laugh.

MAY PUT THE ELKS' MINSTREL ON THE BUM?

Help! Help! Listen to this. Anthony Comstock is coming from New York to put the Elks' minstrels on the bum. He has heard that the members of that organization were going to give a ballet dance and that the costumes they would wear would be somewhat abbreviated. In fact that the dancers would appear in tights—real tights, mind you; and then Tony was shocked and even now he may be enroute to this city. Curses! Let him come! Haven't we got just as good men here as he is? There is Ed Malley for instance. Say, if anybody wants to stop that beauty chorus from doing their little stunt, just let them apply to Ed. We would sign him against Sylvest, the peanut boy.

There is also another cause for alarm in the camp of the Elks. They have been rehearsing morning, noon and night and last evening at the rehearsal Puddy Grimes showed signs of over training. He formerly weighed 210 pounds and last night at the Hamman baths he just tipped the waiter a quarter—excuse me, for I mean he just tipped the scales a trifle under 249. His friends are beginning to get worried over his condition, and if he does not improve he will be put on a liquid diet.

The necessary wearing apparel for the ballet girls arrived yesterday from the costumers in Paris, and last evening when the letter was opened at the club rooms the costumes were greatly admired. Owing to the coldness of the weather Sapho, Zaza, Sylvia, Lottie, Maizie and Tiny would not give a dress rehearsal. Besides Tiny had to get home for his supper was waiting for him—so was "his wife."

A dress rehearsal will be held today at the theater so the members of the troupe will get used to one another. The entire program will be rehearsed and when the curtain goes up tomorrow night the entire play will go through without a hitch. The advance sale of seats has been phenomenal and nearly the entire house has been sold out. If the sale keeps up there will not be even standing room left. Reports from Goldfield indicate that the house there will be packed.

BASKETBALL GAME SATURDAY NIGHT TO BE FAST ONE

PENSIONING DISABLED MINERS. A bill was introduced at the present session of the Indiana legislature, prepared by James Epperson, state mine inspector, providing for a pension fund for the benefit of disabled miners, to be maintained jointly by the miners and operators, and to which the state shall be the trustee. The purpose of the fund to be so created, is to provide relief for the wives and dependents of men who are killed or permanently injured in and about mines of the state; also relief for aged mine employees. The plan is to assess a tax of a stated number of mills for each ton of coal produced, this tax to be paid by the operators, and a small percentage tax on wages earned by the employees.

The money, according to the plan, will be paid into the state treasury and distributed to those entitled to a benefit in sums proportionate to the extent of injury. The law will provide that in each case the benefits will be paid without question as to contributory negligence of the employee injured or killed.
